Merchant's Gargling Oil Liniment is good for human and animal flesh.

ANNOUNCEMENT FOR 1879.

The Buffalo City Directory for 1879 is in many respects an improvement on its predecessors, and contains about two thousand five hundred more names than the volume for 1878. The list of names is the result of a most careful canvass, and yet absolute completeness cannot be assumed for it in view of the great difficulties which lie in the way of compilation. The Publishers and the canvassers have done everything in their power to make the volume of the current year as full and reliable as possible; and if any names are omitted the owners of them have themselves to blame.

The work of the Directory has been conscientiously done, and the Publishers felicitate themselves upon the comprehensiveness of the index and classification and the beauty of the typography.

It will be seen that the best firms of the city are represented in the advertising pages of the Directory; and that the various public and private institutions of the city have received proper attention.

The exhibit made by the Directory goes to show that Buffalo has considerable of an increase in population over 1878, and that but comparatively few men in business here that year have been compelled to retire.

STREET AND AVENUE DIRECTORY.

EXPLANATION.

If will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were re-numbered in 1868, and the following method was adopted, to wit: From the starting point of the street, measuring along the line of the street twenty feet; then tanking No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building or a facuncy, or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 409 MAIN STREET, on consulting the Street Directory, flads that the right-hand corner of Main and Mohawk is No. 487, consequently, the place he seeks is only a few doors above.

BOSTON STEAM CARPET BEATING WORKS

NOS. 36 AND 88 WASHINGTON STREET.

This Machine has given universal satisfaction in Philadelphia, Boston, New York, Albany, Buffalo, Brooklyn, Cinchunati and Cleveland, where it has been in operation for some years, and has received the highest recommendations of the Press; the curpets are beaten by a great number of flexible whips, and not by sticks; the carpets receive no injury—they are perfectly freed of dust and vermin.

BUFFALO TYPE FOUNDRY

N. LYMAN'S SONS, . . . Proprietors.

No. 36 WEST SENECA STREET.

By the completion of our new and powerful machines, we are now enabled to force metal into type (heretofore impossible) that will exceed in durability anything in the shape of Type now made in other places.

In case you need new Type for News or Book Work, we would advise you to give us your orders and you will be convinced, what we affirm, to be a fact.

If you let us know when you intend to renew your paper with type, and give us the size and quantity of type you use, we will hold ourselves ready to meet your wants with promptness.

ELECTROTYPING.

Printers will find it to their advantage to send their forms to be Electrotyped when large numbers are to be printed from them, thereby saving their type from wear. Also Books and Pamphlets Electrotyped as low as Stereotyping. Cuts, Borders, and in fact anything that needs Electrotyping.

In consequence of the death of Mr. N. LYMAN, former proprietor of the BUFFALO TYPE FOUNDRY, the style and name of this Foundry will be hereafter, N. Lyman's Sons, Type Founders, Buffalo, N. Y.

In making this change, we must return thanks for the favors shown this Foundry in the past, and hope that your trade will be continued with us, and that you will give us an opportunity to please you, as it shall be our endeavor to do so to the best of our ability.

We can supply you with anything in our line at rates as favorable as any Foundry in this country, and material that is not excelled for beauty and durability.

Printing Presses and Printing Machinery of all makers furnished at short notice.

Also Type adapted for Dick's Mailing Machines. Printers and Publishers merely giving the number of subscribers, can have fonts put up suitable for same.

Wood Type and Wood Printing Materials furnished.

Type from other founders' specimen books can be furnished at short notice.

Respectfully Yours,

N. LYMAN'S SONS.

A PLAY-HOUSE FOR THE WORLD'S PET.

The pleasure and joy farnished "Our Charmer" by the New Revolving Perch is wonderful to behold. Any Canary will learn to work them in a very short time, and once learned, it is surprising to see the amount of exercise a bird will take. These elegant and assful Cares have already become very popular. We know of many instances where dealers who handle our Revolving Perch Cage, have largely increased their sales, by placing in their show windows one of the cages with a bird inside to operate same.

The Revolving Perch is so new, that unless people see it in practical operation, they fail to appreciate what a charming novelty it is; or the great advantage to the bird in the way of exercise, which all canaries require to keep them healthy, and constantly in song.

WE WOULD ALSO CALL THE ATTENTION OF THE PUBLIC TO

For which we are Agents, and which we unhesitatingly pronounce the best Heating and Ventilating Apparatus for Dwellings, Stores, Churches and Public Buildings in this country. The following is one of the many testimonials in our possession:

Messes, Inleacher & Davis, 503 Main Street, Buffalo, N. Y.

BUFFALO, May 23, 1877.

Gentlemen:—I take great pleasure in expressing my entire satisfaction with the "Gold's Steam Heating and Ventilating Apparatus," placed by your firm in my house several years ago. It has been a great comfort to my family. My house was never so uniformly heated before, and I am satisfaed that it is by far the best thing in existence for the purpose for which you recommend it, viz. the heating and ventilating of dwellings, etc. The use of the boiler surface in connection with the Radiator I think especially valuable, as it is sufficient to warm any house during the mild weather in the Fall and Spring without the use of steam—the combination enabling us to use the heater in the mildest weather, and ample for the coldest—warming the heels as well as the heads of those who share its advantages, consequently we hear no more of complaints of coid feet, with headsches in the same breath. Finally, I cannot refract from orging upon those who have the health and welfare of their families at heart to give your furnace a trial, and test it in their dwelling. I am satisfied the results will fully verify the most enthusiastic expression in its favor.

SCOTT'S NORTH AMERICAN DETECTIVE POLICE AGENCY

ARCADE BUILDING, ROOM 28.

D. L. SCOTT, Principal.

POST OFFICE BOX 179.

To Merchants and Business Men of Buffalo:

Having done business for the past three years in this city, in the capacity of PRIVATE DETECTIVE, and knowing from the experience I have had in this particular line, both here and in New York City—having been connected with my brother, WILLIAM H. SCOTT (now deceased), for years previous to my locating in this city; feeling that such a want as a Private Detective Office was required here, the same as in all large cities, I opened one here, called Scott's NORTH AMERICAN DETECTIVE POLICE AGENCY, and established it on a solid basis, the proof of which is, that it stands the ONLY ONE IN THIS CITY TO-DAY. But not desiring to blazon forth my own praise, suffice it to say that I have done business for some of the leading firms of this city, and from such I have the privilege of using their names as a reference to parties desiring it.

My motto has always been to protect the innocent but bring the guilty to punishment.

I am prepared to furnish any information that parties may desire, relative to any business, in any part of the

UNITED STATES OR CANADA,

as I have reliable and responsible agents in every city. I would also state that parties having Telephones at their places of business, can communicate with me at all times during the DAY OR NIGHT, as I have a

TELEPHONE AT MY OFFICE,

and my patrons may rest assured that, whether I am engaged by them or not, their business will be strictly confidential.

Parties leaving their homes during the Summer and desiring their places taken care of during their absence, can be supplied with reliable parties. Also, Night Watchmen furuished on short notice by applying at this office.

Thankful for past favors, and trusting this will meet with the approbation of those desiring anything in my line.

THE

CATHOLIC UNION

A WEEKLY EIGHT-PAGE JOURNAL,

DEVOTED TO

Catholic Interests, and Catholic and General Literature and News.

PUBLISHED EVERY THURSDAY

BY THE

CATHOLIC PUBLICATION CO.

This admirable and enterprising paper is the organ of the Diocese of Buffalo, and is largely read in this city and the neighboring cities of Rochester, Lockport and Elmira—and indeed all over Middle and Western New York—for it is the only important exponent of Catholic opinion in this portion of the State; from this as well as from the style and ability of the paper itself, it is the acknowledged medium of address to Catholic thought throughout this extensive district.

Though Catholic in tone and object, as becomes the official organ of the Bishop of Buffalo, it is not confined to purely Religious topics, but goes out to meet every discussion of the day, has independent views, and not unfrequently has taken the position of a leader of thought on subjects of general interest.

The Editorial Department is devoted to the Religious, Political, and other interesting issues of the times. Its ability in this department has long been recognized.

This paper was organized under the auspices of Right Rev. Dr. Ryan, Bishop of Buffalo, is conducted by a clergyman distinguished for literary taste and ability, and is under efficient business management. It fulfills exactly the ideal of a Catholic publication, and is excelled by none throughout the country that assume the title.

The "Union" is a valuable Advertising Medium, being the only Catholic Paper published in the English Language in Western New York.

BYRON WESTON,

DALTON, Mass., U. S. A., has been awarded the

GRAND PRIZE GOLD MEDAL

And recommended the MEDAL OF HONOR and PERFECTION at PARIS, 1878, this being the Highest and Only Award given for

LINEN RECORD AND LEDGER PAPER

A SPECIALTY.—This Paper has received the Highest Premium over all others from the Ciacinnati Industrial Exhibition, Massachusetts Charitable Mechanics' Association, Franklin Institute of Philadelphia, Louisville Exposition, Medal and Diploma from United States Centennial Commission, Medal of Progress American Institute, 1877, and Medal of Improvement and Progress, Beston, 1875.

ITS PRINCIPAL ADVANTAGES are as follows:—1. It contains more Linen than any other Ledger Paper, has a longer fibre, and is, consequently tougher. 2. Having a harder and better hody, it frays less in crasure, so that by simply using the rubber after the eraser, the ink is prevented from spreading. 3. It is more uniform in Weight Color and Finish. 4. It never cockles if properly bound. 5. Its chemical action upon ink is such that if both writes and rules up better.

For proof of the foragoing, refer to a large number of Stationers, Bookbinders, Bookbeepers, and Recorders, who have given it, after a severe test, the preference over all others. This paper is Double Steel, and will stand any climate or the most acid of fluid inks.

Send for sample sheet, ERASE and RE-WRITE FOUR TIMES on same spot. Each sheet is water-marked with name and date.

MADE IN FOUR GRADES AS FOLLOWS:

- "No. 1. EXTRA COPYING" (very soft), a substitute for ink. Letters, written with this grade, can be copied in the usual manner by slightly dampening the copying paper; it is also excellent for marking linen.
- "No. 2. GENERAL COPYING," for universal use. Being of medium softness, in order to produce a good plain copy from letters written with this grade, the copying paper should be thoroughly dampened; it may also be used for marking lines.
- "No. 3. MEDIUM COPYING," for office use. This grade being medium hard is intended for order books and memorandums; the writing will not erase or blur by the pages of a book rubbing together; to produce a good copy, the copying paper requires to be quite moist.
- "No. 4. NON-ERASIVE," for reporters and stenographers. This grade, being very hard and smooth, is more durable, and will hold a point longer than any other pencil of equal smoothness; it is the best for marking fine fabrics; a copy can be obtained by making the paper extra wet without removing the surplus water.

DIRECTIONS FOR MARKING LINEN, &c.

Any of the foregoing kinds may be used for marking linen, the No. 4 being especially adapted for marking very fine fabrics.

TO PRODUCE A GOOD RESULT,

first dampen the cloth slightly with water, and then write upon it as with any other pencil.

TO MAKE IT LASTING,

after being marked, tron tt well before washing.

The No. 1 we make in artist style only.

Nos. 2, 3 and 4 we make in artist style, also encased in wood.

The artist style is particularly suited for this class of pencil, therefore, is especially recommended. Sold by Stationers, Druggists and Notion Houses throughout the United States and Canada.

THE

Traders' and Manufacturers'

Commercial Union.

General Offices, No. 4 North Division Street,

BUFFALO, N. Y.

HIS is an association formed for the benefit of wholesalers and others having collections to make in different parts of the country. It has branch offices in the principal cities, and a corresponding attorney in over 4,000 of the principal towns in the United States and Canada, whom we can recommend to transact any business which may be entrusted to them.

The plan of this Union, while it necessarily resembles in some respects other mercantile agencies, has incorporated new features, which the experience of those having such business to transact, have found lacking in the other agencies, and which enables the creditor to correspond directly with the attorney who transacts the business for him.

An edition of our Register is published expressly for our mercantile subscribers, furnishing them the names of our correspondents, and enabling them to address them without passing through the hands of a centre office, and also enabling them, as subscribers, to obtain services of the attorneys of the Union to make collections at the usual rates, as fixed between the members of the Union, creditors and attorneys, which will save the creditors one-half of the regular rates for collections.

Mercantile subscribers are also furnished with Certificates of Membership, and Stationery, to use in such correspondence as may be requisite in the transaction of their business of this nature.

For further information in regard to Mercantile Subscriptions, inquire
